OLD GYMNASIUM DESTROYED BY FIRE

The morning after. All that remained of "Rec Hall" after a disastrous fire swept the old wooden structure Wednesday night, March 30. Old Boat House, adjoining was saved by prompt action of Fire Department.

IT'S REUNION TIME

Faith Emeny Conger (Mrs. Richard S.) '54, Princeton, N. J., will deliver the Reunion Convocation address in Knowles Memorial Chapel, Sunday, April 24, and Bernard Bralove '34, of Washington, D. C., will be the toastmaster at the Reunion Banquet, Rose Skillman Hall, Saturday, April 23, the Reunion Committee has announced.

Plans for the three day Alumni program have been completed and a record attendance is looked for when the classes with numerals ending in 0 and 5 celebrate anniversaries of their graduation.

Reservations for the Picnic, April 22; Dinner, April 23; Gay 90s Luncheon, April 23 and the luncheon for the 1900-1925 group, Sunday, April 24, must reach Alumni House no later than April 20.

Alumni Fund

Contributions to the 1959-60 Alumni Fund continue to flow into Alumni House. Although the annual solicitation was late this year the receipts totaled \$3,455.00, as this issue of the RECORD went to press. The handy return envelope may be still on your desk. Why not use it today? Thanks for the many interesting news notes which were enclosed with the Alumni Fund contributions.

The old Gymnasium on the lake front was completely destroyed by a fire, believed to have been started by lightning, Wednesday evening, March 30. The fire had gained such headway that the old wooden structure collapsed as the Winter Park Fire Department arrived on the scene. The wooden Boat House, immediately adjoining was saved. Only a few smoking timbers remained to mark the site of the old Rec Hall.

Built in the early 20s as a temporary structure to house physical education facilities, it served the College first as the scene of basketball games and more recently for intramural games and dancing classes. Collegiate basketball games have been held in local High School gymnasiums during recent years.

Although the old structure only partially relieved the pressing need for a gymnasium, its loss at this time is working an extra hardship on the athletic and physical education programs.

Plans for the new Field House include full facilities for basketball, physical education, intramural sports, social activities and will house all offices of the Physical Education and Athletic Departments. Its need is even more urgent now than before. Plans for an active Field House campaign are being completed and all Alumni of Rollins College will have the opportunity to contribute to this all Alumni project.
